COUNT KAROLYI REPORTED KILLED

By Assassin at Prague and Army Officer Wounded—British Mission Said to Have Escaped—Much Pillaging.

By Telegraph to The Freeman.

London, March 26.—Count Michael Karolyi, head of the Hungarian republican government up to last Saturday, when he resigned in favor of a Bolshevik dictatorship, has been assassinated, it is reported at Prague, according to advices from that city today

A Central News dispatch from Copenhagen reported that Count Karolyi had been arrested and that he would be placed on trial with Dr. Alexander Wekerle, former Hungarian premier, who was arrested at Budapest on Monday.

Numerous conflicting reports on Hungarian developments are coming out of Vienna and Bohemian sources.

According to the rumors afloat at Prague Count Karolyi was shot at Budapest and an army officer was wounded at the same time.

The British military mission at Budapest is said to have escaped.

There is much pillaging by the Hungarian Reds.

MANY DEAD IN BUDAPEST FIGHTING

By Telegraph to The Freeman.

London, March 26.—Many persons have been killed in street fighting between the Hungarian Bolsheviki and supporters of the old moderate government at Budapest, according to a Vienna dispatch to the Post today, quoting refugees who have just arrived at Vienna from the Hungarian capital.

Count Karolyi, head of the Hungarian republican government up until last Saturday, is reported to have volunteered as a private in the Red army.

A Geneva dispatch to the Daily Telegraph said that Count Karolyi had been negotiating with the Russian soviet government since last November.

The Berne correspondent of the Central News quotes Prince Windisch-Graetz, former food controller of Hungary, as saying that 2,000 Allied soldiers could oust the Bolsheviki soviet at Budapest.

THE PERMANENT ARCH

Suggested By Brinnier Is Also Favored By Nichols.

Not so long ago an offer of $1,000 was made toward the cost of erecting an arch in honor of the Kingston men who fought in the world war by the Hon. William D. Brinnier but it was never taken up or responded to by any one. E. J. Nichols of 144 Henry street has submitted the following letter in endorsement of the plan and offering his opinion on the matter of the erection of this arch.

Editor of the Freeman:

Some little time ago I saw in the columns of The Freeman an offer made by the Hon. William D. Brinnier of $1,000 toward the erection of a permanent arch of memorial to span Broadway somewhere in the vicinity of the City Hall and the High School. A most liberal proposition and generous contribution. Why did it not materialize? Did Mr Brinnier recant and after his appointment as chairman of the Ulster county W. S. S. find the duties too arduous to fool time with erecting memorial arches that would prove a reminder to the boys and girls of the present as well as future generations attending school that Ulster went over the top at every command and call in the prosecution of the world war.

I was informed today that Mr. Brinnier made the offer in good faith and was ready to discharge his obligation and now let some of our generously disposed, abundantly able quick to respond men get interested and the necessary amount will come quick. An arch erected, the boys honored and again old Ulster will go over the top.

Signed,

E. J. NICHOLS.

HUNGARY INVADED BY THE CZECHS

By Telegraph to The Freeman.

London, March 26.—Czech troops have begun their invasion of Hungary and have occupied Raab, 67 miles northwest of Budapest, said a Central News dispatch from Vienna today. There is a big arsenal at Raab.

The occupation of the Szechoslovak troops of this arsenal would secure a vast amount of arms and menace Budapest. Many Czech officials at Budapest were robbed by the Hungarians.

(Prague is the capital of the new Czechoslovak republic.)

Berlin reports that Czechs threaten a general strike if there is general mobilization for a campaign against the Hungarians."

COAL DEALERS ELECT OFFICERS

At Annual Meeting of the Ulster County Coal Dealers Association Held in Y. M. C. A. Tuesday—R. B. Overbagh is President.

The annual meeting of the Ulster County Coal Dealers' Association was held Tuesday afternoon in the Y. M. C. A., at which time all of the officers were re-elected for the ensuing year. The officers are: President R. B. Overbagh of Saugerties; vice president, R. A. Weed of Marlborough; secretary, Warren B. Devo of Wallkill; and treasurer, J. E. Hasbrouck of Modena. The executive committee is composed of the officers and the following members of the association: J. J. McGrath, Phoenicia; J. M. Barnhart of High Falls; and C. J. LeFevre of Rosendale.

President Overbagh of the association is enjoying the winter playing golf in the south according to Vice President Weed, who presided at the session that day, while Treasurer Hasbrouck is confined to his home by illness. The meeting Tuesday was for conference and dinner. And dinner was served first.

The association was well represented when they sat down in the large banquet hall and enjoyed the chicken dinner that had been prepared. The dinner was well served and well cooked, and at the close cigars were passed and the diners leaned back to enjoy what was to follow. The speaker of the afternoon was John T. Blackburn, who is president of the Albany association of coal dealers, and a member of the Albany Rotary Club. He has only recently returned from France where he served with the Y. M. C. A. as secretary.

Mr. Blackburn's topic was "The Coal Dealer and His Problem," and while he did not touch closely upon the problems that confront the dealer he gave an interesting address, that was enjoyed by those present. He said that the war had tended to broaden the outlook of man in the world, and the man with the broad vision was the man who would succeed. He believed that a county association of coal dealers was a good thing as it tended to promote better feeling and meant better trade conditions. The old days of price cutting he believed were past.

At the close of Mr. Blackburn's address he was tendered a rising vote of thanks.

The remainder of the session was devoted to local problems and each dealer present was called upon to speak. The main problem was one of credits. Mr. Blackburn said that in Albany the dealers had adopted the system of adding from 25 cents to 50 cents more on a ton of coal when it was delivered with the statement that if the bill was paid within five days after date of delivery that that amount would be deducted. The system worked remarkably well and Mr. Blackburn believed that when a dealer once adopted it he would stick to it.

R. B. Overbaugh, R. A. Weed and S. M. Watts were the committee who arranged for the annual conference and dinner and their efforts were a decided success.

The hope was expressed that every coal dealer in Ulster county would become affiliated with the association.

CHAMBERS OF COMMERCE

Asked By Government to Aid Stranded Soldiers.

By Telegraph to The Freeman.

Washington, March 26.—Chambers of Commerce throughout the United States were called upon today by Lieutenant Colonel Arthur Woods, as assistant to Secretary of War Baker and chairman of the emergency employment committee of the war department, to lend their aid in finding employment for discharged soldiers.

"American soldiers do not ask for charity; they are not assuming that the country owes them a living," Colonel Woods writes, "and it is no more than fair that every assistance should be given in re-establishing them in worthy positions in private life."

The chambers are asked to urge upon discharged soldiers the advisability of returning to their home towns and to furnish transportation to any who may be found stranded in the larger cities.

DIES IN EFFORT TO SAVE CHILDREN

Mrs. Mercier of Richmond Hill With Two Daughters, Burned to Death Husband and Other Daughter at Point of Death.

By Telegraph to The Freeman.

New York, March 26.—Mrs. Louis E. Mercier was burned to death today when she rushed into her flame-swept home in Richmond Hill in an effort to save her three children, two of whom also perished in the fire.

Mrs. Mercier hurried to the street when aroused by the cry of "fire." On the sidewalk she learned that none of her children had followed her. She dashed into the house and was badly burned and forced to return to the street. As soon as she had recovered sufficiently she rushed into the flames again and never returned.

Her daughters, aged six and three, also were burned to death. Her husband and daughter are at the point of death in St. Mary's hospital

CLEAN UP WEEK BEGINS APRIL 14

State Commissioner of Health Urges City Officials to Dispose of Refuse and Beautify Communities.

In a letter to mayors, village presidents and boards of health, Dr. Hermann M. Biggs, state commissioner of health, designates the week beginning April 14 as the annual clean up week.

The local authorities are requested to take steps to notify all citizens of the date and the purpose of clean up week, and are also urged to make arrangements for the proper disposal of all refuse collected during the week. It is pointed out that unless this co-operative action is taken by the authorities, the response from the citizens is apt to be half hearted, the refuse collected will probably be redistributed and the good results undone.

Commissioner Biggs calls attention to the fact that an attractive outward appearance in a community is an indication of its progressiveness and that if the authorities do not aid in securing this result they cannot hope to stimulate the people to take an interest in other matters pertaining to public health.

The suggestion is made that a local committee of prominent citizens be formed to supervise the work of clean up week, and to obtain the co-operation of business and social organizations. Other practical suggestions for conducting the campaign are also contained in the letter.

RAPID PROGRESS AT PEACE CONFERENCE

By Telegraph to The Freeman.

Washington, March 26.—More rapid progress than appears on the surface is being made by the peace conference in Paris.

This was the message received today at the executive offices of the White House from a member of the president's party, and, although no additional details were disclosed, the assurance was considered significant. Whether the message was prompted by the developments in Hungary could not be stated, but in the opinion of White House officials, the coup of the Bolsheviki in that country will have a tendency to speed the Paris negotiations to a degree not heretofore contemplated.

POLES FORESAW HUNGARIAN TROUBLE

And While it Makes Added Menace For Paderewski Government, Surrounded by Bolsheviki, Plans are Made for Resistance.

By Telegraph to The Freeman.

Washington, March 26.—While the Hungarian revolution, in the opinion of the Polish representatives here, will severely test the new government of Paderewski, the Warsaw authorities have the advantage of having foreseen for some time what was coming and have at least had a chance to make their plans. The recent activity which has been displayed in the development of relief funds and work activities for the unemployed is thus explained in part, at least.

John F. Smulski, of the Polish national committee, in discussing the subject, said today that while the suddenness of developments has caused a temporary consternation, the Polish people some time ago had foreseen the possibility that the Bolshevik forces, blocked at Vilna, where they have been fighting the Poles for some time, would be likely in the end to attempt a "running jump over Poland" for the purpose of entering Hungarian territory.

Complicated Military Situation.

"That is just what is being done and from Warsaw we have realized that this was the situation and that it was steadily growing more serious," said Smulski. "We have felt restrained, though, from making our fears always known, lest they be construed and a cry of wolf, or lest we might be considered as trying to affect the peace congress into more positive Polish demonstrations.

"Our military situation has been materially complicated, of course. We have the Bolsheviki on the northeast, still fighting around Vilna and seeking to make an entry from that quarter, and we now have the prospect that the Ukrainian forces which have been besieging Lemberg will be fortified by a new Russian army, and under German and Austrian leadership move north of the Carpathian mountains and then force their way into Hungary. Meanwhile, there is still considerable disturbance over the Duchy of Tschen where the Czechs are claiming certain Polish lands and in Prussian Poland—even in the territory which under the last armistice was given to the Poles for occupation purposes—the butchery of Polish peasants by the Prussian soldiery is still going on.

Hope For Polish Divisions.

"I hope that in the next few days that Polish divisions in France are really on their way and hope that they will be landed at Danzig. The proposition to land them at Koenigsberg must be a false rumor.

"The Bolsheviki desire to get into western Europe. The Poles now hold them at Vilna and thus prevented their passage through Poland to western Europe. The new assault on Lemberg, which we fear is apt to capitulate in the immediate future, unless assistance is soon rendered."

Our Growing Population.

Among the recent births in Kingston reported to the board of health are the following:

Mr. and Mrs. William J. Storm, 102 Third avenue, a daughter, Dorothy E.

SPRING, THE DRESS UP SEASON, IS AT HAND

And to Be in Harmony and Relax After a Strenuous Year All Should Take Suggestions From the Surpassing Window Displays Which Will Be in Evidence April 4.

Every Spring, Dame Nature welcomes her children back from their fight with winter, with her prettiest dress-up parade of all the year: fresh green grass, beautiful spring flowers, tender new leaves and bright blue sky. Taking our cue from her, at this spring time, all America is going to have a Dress-Up Week, for everybody, by way of welcome to OUR BOYS returning from their long, hard fight. We want to let them know that we have tried to look our very best and prettiest for their home-coming.

For nearly two years we haven't dared to Dress Up, because we have had to save material and money, manufacturing for the war. Now for one glorious week, from April 4th, at 7:30 o'clock in the evening to Saturday, April 12th, we are going to forget all that and join in the jubilant Dress-Up Week. Won't it feel good once more to be really "dressed up"? Self-consciousness is misery, and wrong clothes make everyone self conscious. That's why being well dressed puts one at one's ease and therefore one appears to their best advantage.

So much for the idea and ideal. Now for the facts about our local Dress-Up, for Kingston is going to go right over the top in this newest campaign as it has in all the others. Come and see for yourself.

Every sort of retail store in Kingston, where they sell clothes for men or women or children; where they sell jewelry; where they sell all the attractive furnishings with which to dress up the home; where they sell anything that will help them or women or children or home-keepers to do any sort of dressing up, flowers, musical instruments, lighting fixtures, even the drug store, etc., etc., will have the finest window display ever shown by that particular store in Kingston. And that is going some, for window displays in this city have always been exceptionally attractive.

And you must know there are some mighty busy brains at work on that problem just this minute. All day Friday, April 4th, display window shades will be drawn so close that not even a peep underneath or behind them will be possible. Then at a signal given by the mayor, and on the sound of the fire alarm and whistles, etc., every window shade will literally and instantly go over the top, unless the nervous pullers of strings are very careful. There will be brilliant illuminations and a great old time.

Then for one whole week, "Dress Up" will be the order of the day. Not only in shop windows but in the shops themselves will be offered for sale at irresistible prices, all of things one can think of in the way of Dress Up, and they will all be the very last word of snappy up to-dateness in their own particular line.

Plan now to be in Kingston on Friday evening, April 4th, a little before half past seven o'clock, and then plan to come to town every day for the following week. And don't leave it all to the stores to do the dressing up! See to it that you are in the happy, satisfied, good-looking procession of well-dressed, smiling men and women and children for Ulster county's share in Dress-Up Week, 1919!

And who's back of all this big, progressive live-wire movement? The forward-looking city-boosting, county-helping Chamber of Commerce and wide-awake mayor.

COSTS $3 A PEEK "LADIES' NIGHT"

Two Young Men Preferred Living Pictures to Movies, But Former Are More Expensive—Views of September Morn Prohibited.

Raymond Glass, 16 years old, of 68 Cedar street, and Norwood Humphrey, same age, of 74 Henry street, are very fond of movies, but—unfortunately for them—they like living pictures better, and it cost them $3 a peek in police court this morning when they were arraigned before Judge Schirick. They were charged with peeking into the shower bath room of the Y. M. C. A. on "Ladies' Night" at the association. The court issued a warning that any caught in the future would be fined more heavily.

Tuesday has been set aside for the ladies at the Y. M. C. A. each week, and on that day the gym, swimming pool, baths and bowling alleys are turned over to them exclusively, and no male person is allowed within. This fact became known to a gang of young men who hang around the central section of the city, and several complaints have been lodged with the police.

Tuesday night William Campbell, night man at the building, while walking around, saw the flash of a lighted match. He investigated and found Raymond and Norwood peeking through a hole in the frosted glass that had been placed in the window of the shower room to preclude any one from outside looking in.

Fortunately for the peace of mind of the ladies that evening they were not aware that Raymond and Norwood were attempting to get a glimpse of them posing as "September Morns." It is understood that the association will now take precautions to have the peep hole in the frosted glass eliminated so that paying "Peeping Toms" will no longer gather for another peep.

The Stroller Hears Argument That Free Speech Should Not Be Curtailed—But There Are Some Things That Are Better Left Unsaid.

"Shall we continue to exercise our privilege as American citizens and have the free untrammeled use of speech?" asked the customer, as he threw down the paper he was reading, "shall we?"

"Don't get excited," soothed the busy barber, "every one knows that this is a free country, and a man can say anything he likes, and get away with it—sometimes."

"You believe in free speech then?" asked the customer.

"To a certain extent," nodded the barber, "but I contend there are some things it is safer not to speak of."

"I don't agree with you," retorted the customer, "the constitution when framed gave every American the right of free speech."

"But the framers believed that a man would have sense enough to realize there were limits which should not be exceeded," interrupted the barber.

"Just what do you mean?" queried the customer.

"Would you go up to a man bigger than yourself and call him a liar?" countered the barber

"Of course not," replied the customer

"I thought so," said the barber, "and would you go to a house party and relate some of the things you had while out with a bunch of men at a booze party?"

"Of course not," said the customer indignantly

"But you believe in free speech," warned the barber.

"Sure I do," retorted the customer, "but it would not be common sense to do what to do what you have outlined."

"Of course not," agreed the barber promptly, "and you don't want to overlook the fact that while free speech is all right, it should not exceed the limits of good taste and judgment."

BAPTISTS WORK TO RAISE QUOTA

820 Churches Up State in Victory Campaign to Get $212,270 to Meet Denomination's World Obligations.

If the 134,000 up state Baptists do their denominational duty, there is every indication that the quota of $212,270 toward the $6,000,000 victory campaign, conducted by the national committee of northern Baptist laymen, will be raised by March 31. The up state territory covers an area of 50,000 square miles and includes members of 820 Baptist Churches. Silas P. Perry of Syracuse is director of the drive.

Greater New York Baptists, meaning those who reside in the five boroughs, are expected to contribute $736,810 to the drive, which has for its objects spiritual democracy at home and reconstruction work abroad.

State Director Perry announces that before the victory campaign is concluded practically every city, town and community up state will be visited by victory teams, composed of national and local speakers, who will tell the Baptists in this vicinity why this sum must be raised if the denomination is to meet its world obligations.

The women of the state are playing a prominent part in the drive. While the campaign is conducted by laymen, they welcome the assistance of women speakers in addressing the numerous meetings that have been held and which are going to take place.

Levi S. Chapman is the up state chairman. A few of the Baptists who are helping him include C. W. Streeter, director of the Oswego Association; the Rev. W. I. Durfee, Central Square; Dr. L. A. Mitchell, Rhinebeck; W. Henry Start, director of the Utica district; T. Otto, director of the Syracuse district; the Rev. N. E. Van Nostrand of Albany; H. F. Remington, Rochester; Volney P. Kinne, Buffalo, and W. A. Jameson, Niagara Falls.

COHEN DENIED CITIZENSHIP

Maurits Alexander Cohen, of 3 Delta Place, this city, has been forever debarred from becoming a citizen of the United States on the petition of the Department of Labor, and by order of Justice Hasbrouck, in naturalization court, at Supreme Court Chambers, at the court house, Tuesday afternoon. Cohen is a native of the Netherlands and a subject of the Queen of the Netherlands. On September 14, 1914, he filed a declaration of intention to become a citizen of the United States. While the United States was at war and during the draft Cohen, under affidavit claimed relief from liability to military service as an alien neutral. This act operated to withdraw and cancel his declaration and he was exempted by Board No. 1 from military service. Under Act of July 9, 1918, Cohen's declaration of intention was cancelled and held for naught by Justice Hasbrouck and he was debarred from becoming a citizen of the United States, and the clerk of the court was ordered to forward a copy of the order to the Bureau of Naturalization, U. S. Department of Labor, Washington, D. C., and a copy attached to Cohen's petition on record in the court.

KINGSTON, N. Y., MARCH 26, 1919

Yesterday New York City's millions of people, augmented by hundreds of thousands of visitors, honored the returning soldiers Next Tuesday Ulster co[unty] Thousands will honor the retur[ning] Ulster county soldiers. It is no[t] of petty differences and jealousie[s] our those of us who remained [at] home Only the very small-minded will permit anything to interfere with the doing of their part in this welcome, which is not for the glory of any of the stay-at-homes The ceremony is for the returning heroes of the army and navy and the purpose of it is too big to permit of it being used for the personal glory of any individual or individuals. Any attempt that might be made in that direction would be sure to react. Let us all do our share, regardless of personal glory or credit and regardless of what the other fellow is doing.

THE BLACK BELT EXTENDING.

The migration of negroes from South to North is the subject of investigation and report by the Department of Labor. A considerable migration began in 1915 in response to the demands of an insufficient general labor supply caused by the establishment of large war industries, but the Department's figures deal with the shift of population during the eighteen months ending with 1917. The estimates of the several Southern States place the total number of outgoing negroes during that period at 350,000, but the Department of Labor fixes on the more conservative estimate of 200,000, which number will of course be greatly increased when the figures for 1918 are added

It appears that the earlier exodus was stimulated by employment agents from the North, but "after the mutual group movements negroes kept going North in small numbers, attracted by letters from their friends who had already gone." The efforts of the agents in the beginning were vigorously opposed in the South, heavy license fees being exacted from them. Later business men and farmers united in efforts to bring the departed negroes back by offering better wages and to keep others from going by improving their condition. About half of the migrating negroes have been from the towns and but for this the disturbance of the agricultural labor market at points would have been very serious indeed. Even now some agricultural neighborhoods are reported to be much embarrassed and are considering it necessary either to induce the blacks to return or secure foreign white labor instead. But neither can be done as soon as desirable The return of any large number of negroes will depend on whether they find the after-war conditions in the North unsatisfactory Many are said to be disappointed, others troubled with home-sickness, but many more are satisfied and doing well.

It is altogether probable that a Northward and Westward migration of negroes looking for higher wages and better opportunities will continue more or less steadily and that only a minority of the adventurers will return to their old homes. This will inevitably cause disturbance until the Southern labor market becomes adjusted, but in the end the South is likely to gain in more ways than one. To divide its crowded negro population and its long-standing "problem" with the other sections of the country would seem to be the ideal solution from the intelligent Southern point of view On the other hand, the North will import a "problem" along with needed labor and will lack experience in meeting the inevitable racial issues arising; but the problem, being so much more scattered than it has been and is in the South, will not be so serious. The distribution of the negro population through the country has been regarded by philosophical and disinterested observers as the best and most equitable solution that appears to be possible.

We quotes from "The Annals of the Revolution" showing that they were to his arms on the Connecticut Directed militias in 1782 General Washington said: "An extra ration should be issued to every man to drink perpetual peace and happiness to the United States of America." Many other great men of the past might be quoted in the same connection, but to what end? This is another generation and those were different times.

The National Consumers' League has started a ten years' campaign to bring down prices. If it will take ten years, some of us may as well give up the ghost. Less pleading and more voting of the right sort may bring quicker results.

HIGH SCHOOL MINSTREL FRIDAY

This Friday night the annual minstrel show of the K H S. Athletic Association will be staged in the auditorium. Everything worth seeing or hearing has been arranged for the show. All the latest song hits of the season will be sung by some of the best amateur singers of the school. Local school jokes are to be distributed through the programs, so if you wish to know some of the funny things your friends in school do, come down and see the show There is to be a chorus of about thirty-five boys and the circle will be made up of the fifteen soloists and the six end-men. These end-men are all well known in minstrel circles having appeared in many other places than the school. In order to have a good variety of "foolishness" we have obtained six fellows ranging in weight from ninety to two hundred and fifty pounds for these positions.

They are all guaranteed to be able to amuse you and give you your full weight of fun which you pay for at the door. Prof. John Bott will be the accompanist for the show He is a very popular piano player and can certainly "tickle the keys".

After the show, which starts promptly at eight o'clock, dancing will be enjoyed in the gymnasium "Curt" Shutter has been secured and needs no further introduction All Alumni and K H S. students are asked to turn out and bring their friends and have one good time.

Don't forget that date, March 28, 1919, 8 o'clock, Kingston High School Auditorium.

Evolution of Heroes.

"Great men need to be lifted upon the shoulders of the whole world, in order to overlook their great ideas or perform their great deeds; that is, there must be an atmosphere of greatness around about them. A hero cannot be a hero unless on a heroic world."—Hawthorne.

THEY SURELY ARE WONDERFUL LITTLE WORKERS

FREEMAN ONE-CENT-A-WORD "WANT" ADLET

As Old as his Arteries

The doctor can't help it.

He knows that the man has hard arteries, high blood pressure, and beginning kidney and heart disease, due to long neglected chronic constipation.

It isn't the other man's fault—directly. He's only 45—but he never realized that his constipation was a serious thing.

He never knew how to treat it. He has taken bushels of pills, gallons of castor oil, mineral waters and salts, which have battered and tortured his alimentary canal from one end to the other; and he wonders why his health keeps getting worse. He doesn't know that his food waste has poisoned him, and has bred disease that is going to "get him" before his time.

Nujol is for just such a man—for every person whose bowels do not move easily and thoroughly at regular intervals—especially for those in advancing years whose body machinery will not stand rough treatment.

Nujol softens the accumulated food waste in the large intestine, and moves it gently out of the system, carrying those poisons with it, which, if allowed to remain, cause over 90% of human illness. Nujol supplies the lubrication that Nature can't supply as age begins to make itself felt.

This man might have known in time—but Nujol is new—the accepted modern treatment for constipation.

You can avoid such a misfortune as his. Get a bottle of Nujol from your druggist today and send for free booklet "Thirty Feet of Danger" expressing clearly the soundest medical authority on constipation and self-poisoning.

Warning: Nujol is sold only in sealed bottles bearing the Nujol Trade Mark. At all druggists. Insist on Nujol. You may *suffer* from substitutes.

After years of experimenting our laboratories have discovered a direct bite set of artificial teeth. These plates improve the sense of taste and insure perfect enunciation and articulation. The teeth absolutely cannot be discerned from natural teeth. These teeth because of the direct bite have three times the biting strength of ordinary plates. Are you now wearing artificial teeth? If so, we strongly advise you to call and investigate this new plate.

Tigers are extremely fond of bathing. In a zoo, if a tub be provided, they will eagerly make use of its facilities for ablution. They are first-rate swimmers, and in former days it was reckoned at Singapore that they "ate a Chinaman a night," swimming across from the mainland to get him.

"CITY FARMER" HERE TO STAY

Home food production will continue because it has been found worth while, is the prediction made on "The War Garden Victorious," a history of the war garden movement in the United States which has just been issued. The book, which gives a complete record of the campaign, declares that "there is no question that the cultivators of our war gardens, now become victory gardens, will continue their labors." The volume is not for sale but is being sent to libraries, garden committees and others interested in keeping a permanent record of this work. The author is Charles Lathrop Pack, president of the National War Garden Commission, with whose compliments the book is being distributed. In speaking of the future and the way in which the "city farmers" are continuing their work, he says:

"In the 'city farmer' has been found a partial answer to the stay-on-the farm idea. Ambitious young men and women will not remain in the country where comforts are denied and where advantages of education and social life are few; but they will be glad to farm in the city. The victory garden has opened the way. By this means almost every one becomes a food producer. The future of gardening is assured. It is such an important economic gain, and its benefits in other ways are so numerous, that the army of home food producers themselves will be its strongest and most ardent champions."

FANCY DOGS AND CHICKENS

Are Basis of New Business Ventures of J. J. Cuneo.

There was a popular song at one time entitled "Keyser Don't You Want to Buy a Dog?" a favorite before rag time ditties and war songs got to be the rage but in those days if Keyser wanted to buy one he had to make his selection from among a lot of mongrels. Times have changed in the dog line as well as every other line and when anyone has money to spend and has a liking for a canine he wants a blooded one of some particular breed. John J. Cuneo of 618 Broadway, and Lake Katrine, who knows a thing or two about dogs, as well as most things that people want, has gone into the dog raising business and established a kennel on the Saugerties road. He has secured several acres of land near the road that turns off towards Pine Bush at where the old Reed House was, being part of the Gary farm, where he has had built his kennels. There are at present about 50 pedigreed dogs on the place in charge of men, and embrace high class English bull dogs. Boston bull dogs, collies hunting dogs, Airedales, and other breeds. Mr. Cuneo has also gone into the business of raising and selling fancy chickens and has a number of blue Orpingtons that took the blue ribbon in England They are a large and a beautiful fowls. On the farm Mr. Cuneo will raise corn and other feed for his fowls.

ESOPUS.

Esopus, March 24.—Miss Hazel Mott returned from a visit to her friend, Miss Lucetta Fraleigh, at Maple Crest farm, Red Hook, on Wednesday of last week.

On Wednesday, March 19, Gladys, daughter of Rev. and Mrs. J. J. Lyons, celebrated her 11th birthday by giving a party to a few of her young friends. The early part of the afternoon was spent in playing games and later the guests were invited to the dining room to partake of the dainty refreshments which had been prepared. The room and dining table were tastefully decorated with the national colors and the children had as jolly a time during this part of the program as when taking part in the games. The little hostess received a number of pretty gifts. Those present were Thelma Drake, Helen Lund, Mary Sheeley, Elsie Ganoung and Alexis Golokwastoff. Several others were invited but on account of illness could not attend.

Miss Cynthia Lowe was called to Port Ewen last week by the illness of her aunt, Mrs. Mary Beckwith.

Private John Freer, son of John Freer of West Esopus, has returned from overseas and on Sunday accompanied by a friend from Poughkeepsie, visited relatives here.

Mrs. Levi Teller and son, John, also Mrs. White, all of Danbury, Conn., were week end guests of Mr. and Mrs. Alvah Drake.

Mr. and Mrs. Fred Martin entertained Mr. Martin's parents, also his sister, Marjorie, on Sunday.

Mr. and Mrs. Andrew Eyett are having some very nice improvements made in their home this spring. The old side walls and ceiling of the dining room have been removed and new ones put in their place, also new wood work. Hard wood floors are being laid in the dining room, bedroom and sewing room. When the work is completed the dining room will be newly furnished. Howard Burger of Union Center and Harry Terwilliger of West Park did the mason work and Elmer Lund of this village laid the floors.

Jacob Best is spending a few days at the home of his parents in Newburgh.

Daniel Geoghegan and family of Weehawken, N. J., were guests of Mr Geoghegan's mother on Sunday.

Miss Harriett and Grace Freer were visitors in Poughkeepsie on Saturday.

Goat Good Milk Producer.

Mr. Winthrop Rowland of Redlands, Cal., last year had a Swiss Toggenburg goat, kept on the University of California farm, which broke the world's record as a milk producer, by over 300 pounds. For the period of one year this doe produced 2,981 pounds of rich sweet milk, or more than 24 times her own weight. The period of lactation for a good doe should be from seven to eight months.

You Profit By Our Bigness

Our size enables us to:—

Furnish cash markets for all live-stock offered;

Operate at minimum costs;

Stay in business on a profit of only 2 cents on the dollar of sales;

Eliminate waste;

Get the surplus live-stock products from the West to the millions of consumers in the East.

There is No Menace in Size:—

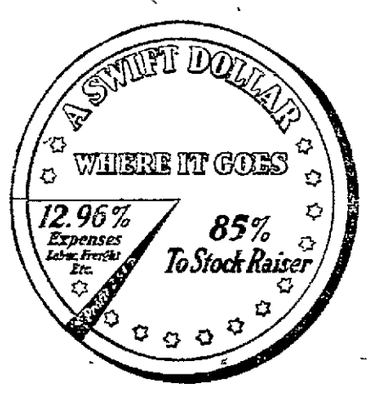

As long as we are in keen competition with the other packers;

As long as there are hundreds of firms in the business;

As long as we handle only about 12 per cent of the meat supply of the country and only about 22 per cent of the meat that is inspected by the United States Government;

As long as our bigness is used to your advantage —as it is now—and as it must be in the future if we are to do a profitable business. The permanence of a business depends on the goodwill of those it serves. No large business can prosper that is not recognized as giving in exchange for its earnings an equivalent measure of helpful service.

WOMEN PREPARE FOR LIBERTY LOAN

Much Territory Before Untouched To Be Canvassed Up-State—Governor Strong Advises District Conference.

Mrs Henry W. Sage will be chairman of the Woman's Liberty Loan Committee for the Victory Liberty Loan Campaign in District No. 5 which includes nineteen northern counties in New York. Preparations practically have been completed, all but two county chairmen having been appointed. The chairmen and the counties of which they have charge, follows.

Mrs. Henry M. Sage, Albany; Mrs Norman L. Burdick, Clinton, Mrs Charles S Williams Columbia, Mrs A. Gordon Norrie, Dutchess; The Woman's Liberty Committee, a war organization, will direct campaign in Essex; Mrs Lewis M. Irving, Franklin; chairman not yet appointed for Fulton county; Mrs William P Belt, Greene; Mrs H S Liddle, Hamilton; Mrs. Walter H. Lipe, Montgomery; Mrs W. W Davis, Orange, Mrs Stephen Ryder, Putnam; Mrs George N Patrick, Rensselaer; Mrs. John T. Patten, Saratoga; Miss Mary Landon, Schenectady; Mrs Leland C Jones, Schoharie; Mrs. Thomas J. Hickey, Ulster; Mrs Louis Hyde, Warren, and Mrs Preston Paris, Washington.

Women Increased Sales.

In District No. 5, the Woman's Liberty Loan Committee sold $15,432,350 worth of Liberty Bonds in the Fourth Loan In every campaign there has been an increase in the sales by this committee With more towns organized, larger town committees, and a more extensive working plan, it is assumed the women will sell several million dollars worth more securities than in the Fourth Loan.

Every effort will be made to reach all women through the house-to-house canvass which will be even more thorough in all the towns than previously By enlisting farm women much territory, untouched so far, will be visited Schools, churches and women's organizations will co-operate to the fullest extent Mass meetings are to be held in all counties In the towns the women again will have booths in shops, on street corners and at other advantageous points

First District Conference.

Although the Woman's Liberty Loan Committee has been organized for nearly two years, the first conference of the Second Federal Reserve District Committee was held only recently. The conference took place in New York at the home of Mrs John T Pratt, chairman of the District Committee Almost all county chairmen were present to discuss their work in other loans and plans for the Victory Liberty Loan The meeting was addressed by Governor Benjamin Strong of the Second Federal Reserve Bank, who praised the women highly

"You may be inclined, when the last loan is placed, to wrap all your experiences in a bundle and file it away," said Governor Strong "You may regard it as simply a record of a large amount of money raised in order that we might enter the war and defeat Germany. That is the least part of the results of what the woman's committee has done

"Following the Napoleonic Wars, the bondholders were the wealthy people of the nation. They were the government agents and, accordingly, legislated for their own benefit.

"This is a situation we do not want in this country It cannot come to pass now because the woman's committee and the Liberty Loan Organization are creating a situation that never existed in connection with the debt of a nation The woman's committee has helped to make the great mass of the people bond holders, so they will be recipients of some part of taxes which are levied in greater proportion than ever before.

The Influence of Thrift.

"The advantage of this situation is that if people will only keep their bonds, practice the thrift that will enable them to do so, it will have a very good influence on the country. The unintelligent among the poorer classes of the world react to every kind of propaganda to influence their minds against those more fortunate in the world. A result of this wide distribution of bonds, for which the women, to a great extent, are responsible, is the feeling of the poor that they are not paying all the taxes that go to rich bondholders.

"In addition, the investment in Liberty Bonds by the great mass of people has given them a greater interest in our government, especially where the foreign-born population is concerned. These people, due to the influence of the Liberty Loans and through efforts by the Liberty Loan Committee to reach out to them in their own language, now have a better understanding of our government; they feel they must protect it if their investment is to remain good and they are less likely to listen to the talk and propaganda of our enemies."

DAIRYMEN ENDORSE CO-OPERATIVE PLAN

Dairymen's League Cooperative Association, Inc., Approved at Utica as Name of Organization To Market Products Under Brand Guaranteeing Quality.

Three thousand delegates present from six states representing nearly nine hundred local branches of the Dairymen's League endorsed the suggested plan for the organization of the Dairymen's League Cooperative Association, Inc., at the big mass meeting held at the State Armory, Utica, March 22nd.

At the morning session Bradley Fuller of Utica presented the suggested plan of organization. This plan had already been outlined to dairymen in a recent edition of the Dairymen's League News. During the afternoon meeting many questions were asked by the delegates and the plan discussed from the floor.

A resolution was unanimously adopted by the great representative mass meeting favoring the incorporation of the Dairymen's League Cooperative Association, which is to be organized and developed along the lines suggested in the proposed plan. The Board of Directors of the Dairymen's League in session the evening before took similar action in unanimously urging the adoption of the plan.

The papers of incorporation for the new co-operative association have not been filed. The Board of Directors representing all the branches of the Dairymen's League chose as the directors of the new association: Bradley Fuller, Utica; Earl Ludlow, Gouverneur R. D. Cooper, Little Falls; Albert Manning, Otisville; L. G. Kirkland, Randolph; F. H. Thomson, Holland Patent; H. J. Kershaw, Sherburne; A. L. Brockway, Syracuse; John G. Pembleton, Oswego; Frank Smith, Springfield Center; George M. Tyler, Honeoye Falls; and Robert Siver, Sidney.

Provisions of Plan Adopted.

The objects of the co-operative marketing association are:

(1) To provide a method whereby league stockholders may care for their own surplus.

(2) To regulate the supply of fluid milk and milk products to meet the demands of the market; that is, to so utilize the surplus in various milk products as butter, cheese and condensed milk, that the consumer may be assured an adequate supply at the most economical price

(3) To pool the proceeds of the sale of such fluid milk and milk products to the end that each producer may receive the same price less equitable differentials due to varying freight rates, butter fat content etc.

League Brand To Be a Guarantee.

"The big thing is" said Mr. Fuller, that we propose to establish Dairymen's League brands of milk and by-products. We propose to have a Dairymen's League brand that shall be a guarantee of quality throughout the world."

S. J. Lowell, Master New York State Grange spoke of the work which the Grange is doing to help farmers in a co-operative way. He urged all dairymen that after deciding upon their plan, that they work unitedly for it.

S. L. Strivings, President New York State Federation of Farm Bureaus urged farmers "to support their own business" and increase the use of butter.

AGRIGRAPHS.

During the war the number of sheep in England increased. The reason? High prices for wool and meat.

A tight fence around your garden does more than protect it from your neighbor's chickens: it's insurance against community ill-feeling.

Not a bad time to send to the State College of Agriculture at Ithaca, N. Y., for a copy of Extension Bulletin 19 on "Control of Vegetable Diseases."

Some farmers seem surprised that the shady side of the old apple tree has not offered perfect protection to their farm machinery during the past winter.

Abraham Lincoln said: "No other occupation opens so wide a field for the profitable and agreeable combination of labor with cultivated thought as agriculture.

Boys and girls like to have pets. If they join a junior pig or calf club they not only have the pleasure of owning pets but the profit of learning practical agriculture as well.

Of course you'll know when harvest time comes whether the seed you planted was good or bad. But it's almost as easy to know before harvest. Testing seed is simple. Ask your Farm Bureau agent.

ASHOKAN.

Ashokan, March 24.—The youngest child of Basil Cudney is sick with pneumonia.

We are glad to see Grandpa Wilsey back again after spending a week at Catskill.

The Rev. Mr Wilsey, Miss Van Bergen, Dorothy Davis and Mrs. C Davis attended services at Tongore on Sunday evening.

Dorothy Davis has returned to the Beacon's school, Millbrook, Dutchess county, after spending a three weeks vacation at her home.

The Farm Society will meet in the church hall on Saturday afternoon at 2 o'clock. All members are requested to be present.

Mrs. Gainsville Weeks and Doris Davis spent Friday night and Saturday with Mrs. Willie Silkworth.

The home talent play from Cold Spring which was held in the M. E. Church hall on Friday night was largely attended and a nice sum realized. The Ladies' Aid Society wish to thank every one who contributed refreshments or in any way helped to make the entertainment a success.

CASHIN AND MURPHY TO PLAY FINALS

Ed. Cashin defeated P. T. Murphy in a close and interesting game of pool last night in the K. of C., tournament. Murphy had the lead on Cashin most of the games, but Cashin picked up and played a wonderful game towards the end, making some fine shots. Ralph Murphy proved too much for Bill Golden and easily outplayed him. They both made some good shots especially "Young" Murphy. Last nights games eliminated two more players leaving only two men, Ed. Cashin and Ralph Murphy. Tonight they will play it out to see who is the better of the two.

CLOTHES LINE THIEVES CAUGHT

Among the Articles Found in Their Possession Were Some Underwear, Including a Ladies' Combination Suit—Hearing Adjourned.

Charles Ravensky, 38 years old, and Joseph Rasta, 45 years old, both Poles, and residing in Albany, were arrested Tuesday evening by Officer Shader. When searched at police headquarters underwear, including a ladies' combination suit, four pairs of undergarments and a suit of child's underwear were found. As the clothing was still damp, the police reached the conclusion that the two had been robbing clothes lines.

Complaints had been received that two men were annoying women and making a nuisance of themselves on Delaware avenue, and Sergeant Hanley sent Officer Shader to the scene and he placed both men under arrest. This morning they were unable to speak English, and the hearing was adjourned until Thursday morning so that an interpreter could be secured.

Sergeant Hanley, by using the telephone, got in touch with residents on Delaware avenue, and as a result Miss Eva Cox of 617 Delaware avenue called at the city hall and identified the children's underwear and the man's negligee shirt as the property of her little sister and her father.

ANITA STEWART IN "VIRTUOUS WIVES" AT THE OPERA HOUSE TONIGHT AND AUDITORIUM TOMORROW—Advertisement.

HOME ECONOMICS AT ELLENVILLE

At the community meeting in Memorial Hall at Ellenville Tuesday afternoon an enthusiastic Home Economics meeting was held. A large number of village women were present and several other communities of the township of Wawarsing were represented.

Mrs. W. C. Rose, chairman of the Ellenville Home Economics Committee, presided and introduced Miss Backus, state leader of the Home Economics work in New York state as the first speaker. Miss Backus, in her very forceful and interesting way, spoke of the Home Economics Association as a "Service Bureau" for the women of the course and described many ways it could be and is of service to the counties throughout the state and the whole country, in fact Miss Backus mentioned particularly the various community activities such as the rest-rooms, community sewing rooms, cooked food centers and the community canning kitchens.

Mrs. Searing Returns.

In introducing Mrs. A. E. P. Searing as the next speaker, Mrs. Rose, chairman, told how very much we all appreciated having Mrs. Searing in the county again to take part in the Home Economics work, of which she was the founder in Ulster county and the first county chairman of the work. Mrs. Searing's exceptionally interesting talk brought out many ways right here in Ulster county that the women may take advantage of their Home Economics Association and are doing so throughout the county.

Mrs. Searing illustrated many of her points with interesting stories from Camp Gordon, where she has been in touch with so many of the boys who are on the point of deciding whether they will return to the country, to the villages or to the city. Mrs. Searing also told of the appreciation of this country of the work the women have done all during the war and since peace was declared, therefore, she said that the country looked to the women to make the home places attractive for the returning boys.

Explanation of Projects.

As the next part of the program came an explanation of the various Home Economics projects now being carried on in Ulster county by Miss L. M. Stuart, county Home Economics manager. The attention of the women was called to a chart showing the places in Ulster county taking up Home Economics projects. At the close of Miss Stuart's talk slips were passed to the audience for them to decide which piece of work Ellenville would carry on. Mrs. B. H. Terwilliger, vice-chairman, acting as teller, reported that the "Home Nursing" course had been elected On consulting with Miss Stuart it was found that this course would begin on Tuesday, May 13th.

The last speaker on the program was Mrs. William A. Warren of Hurley, county president of the Home Economics Association. Mrs. Warren's short, but interesting talk, emphasizing the value of the work to the women in the county, was very much appreciated.

In closing a vote of thanks was given to the speakers and Mrs. Rose mentioned that they would be looking forward to beginning the "Home Nursing" course as the definite piece of Home Economics work for Ellenville.

ST. REMY.

St. Remy, March 26.—Mrs. Lorenzo Terpening is spending the week with her son, Harry, and family, at Marlborough.

There are a number of idle men in this place, waiting for the boatyards to resume work.

The buds are starting out fast these warm days and soon trees will appear in their new spring dress.

LOCAL DEATH RECORD.

Recent Deaths and Funerals of Persons in This Vicinity.

Thomas Goldsworthy died on Tuesday in Schenectady, aged 70 years. The body will be brought to Kingston Thursday arriving at the West Shore station at 11:05 o'clock that morning. Interment in Montrepose Cemetery.

The funeral of Matthew T. Van Buren will be held this evening at 8 o'clock at the funeral chapel of A Carr & Son, 1 Pearl street, the services to be in charge of Kingston Lodge, No. 10, F. & A. M., of which deceased had been a member for many years.

The funeral of Marie Burns was held from her late home in Bloomington this morning and at 10 o'clock from St. Peter's Church, Rosendale, where a requiem Mass was offered for the repose of her soul. The funeral was largely attended by relatives and friends and the floral offerings were numerous. Interment in St. Peter's cemetery, Rosendale.

Mrs Louise Vierling, widow of the late Henry Vierling, died this morning, aged 68 years. Mrs. Vierling was born in Germany and came to this city 36 years ago, where she has made a host of friends who will deeply mourn her death. For some years she has been an invalid and though confined to her home has shown great fortitude, having a cheerful spirit and a kind word for all with whom she came in contact. She leaves a son, Harry, and one daughter, Mrs. Charles Van Etten. The funeral arrangements will be announced later.

The funeral of the late Mrs. Samuel D. Gibson was held from the family residence, No. 77 Pearl street, on Tuesday afternoon and was very largely attended. The Rev. Dr T. H. Baragwanath, pastor of the St. James M. E. Church, and the district superintendent, the Rev. Dr. Richard E. Bell officiated. Following the reading of Scripture, prayer beautiful, helpful, comforting and inspiring, was offered by Dr. Bell, and was followed by the sweet singing of "Somewhere," by Miss Molyneaux, accompanied by W. Whiting Fredenburgh. Appreciating that no eulogy was needed for such a life as that lived by Mrs. Gibson, Dr. Baragwanath instead paid an exquisite tribute to the memory of the quiet Christian life, strong in its reticence; unheralded in its charity of silently feeding the hungry or clothing the naked; reigning supreme in the hearts and home, of the devoted husband and children who rise to call her blessed. Beautiful and blessed as would always be that memory, Dr. Baragwanath comforted all those who mourned with the convincing reminder that there was before them ever the joyful anticipation of that eternal meeting again in the father's house, where the many mansions were prepared for those who love their Lord. Dr. Baragwanath closed with the reading of the poem, "Good Bye 'Til Morning Comes Again," after which Miss Molyneaux sang "The End of a Perfect Day," and the services at the house were concluded. The interment took place in the family plot at Wiltwyck cemetery.

HEALTH OF TROOPS SHOWS IMPROVEMENT

By Telegraph to The Freeman.

Washington, March 26.—The smallest number of deaths from disease since last August was reported by the war department today for the American Expeditionary Forces for the week ending March 6. Of the 453 deaths from all causes, 297 were of pneumonia. The number of sick and injured overseas has been reduced 86 per cent, 80,837 having been returned to the United States since the signing of the armistice.

The health of troops in the United States, for the week ending March 14, continues to show an improvement, it was stated. The death rate for the week was 9.2 per thousand, as compared with 11.4 for the preceding week.

FINANCIAL AND COMMERCIAL

By Telegraph to The Freeman.

New York, March 26.—The stock market was influenced to a pronounced degree at the opening today by reports of political agitation all over Europe. Steel Common indicated the general situation, that leader declining over one point to 96¼. The oil stocks were in supply at substantial declines in the first few minutes, Mexican Petroleum falling 3 points to 176½, Royal Dutch, 3 points, to 91, and Royal Dutch New York, 3½, to 88½ Around the end of the first half hour part of these losses were recovered and a steadier tone then prevailed. There were some strong features, Wilson advancing 1¼ to 82½ on Chicago buying and Chile advanced 1½ to 21. Sinclair reflected persistent accumulation and, after yielding ⅝ to 44⅝, again rallied to above 45.

Bullish combinations which had been buyers of stocks for the past two weeks seemed to have been frightened out of their positions by the large offerings of stocks. These interests were heavy sellers, especially of Mexican Petroleum and Steel Common. The latter stock, after dropping to 96½, rallied one point and Mexican Petroleum recovered from 176½ to 178. Marine Preferred was strong, moving up 2 points to 111¾ and Sinclair rose from 44⅝ to 46¼. Tobacco Products dropped over one point to 90¼. Rallies of about one point were made from the early low in most of the other active issues.

The market was heavy during the afternoon, Steel Common reacting nearly 1 point to 96⅞, after it had moved up to 97¾. Baldwin dropped to 86⅝, losing all its previous gains, and similar losses were suffered in most of the other active issues. The railroad stocks were weak, Canadian Pacific dropping 2¼ to 156¾, and New Haven fell nearly 2 points to 28¾, while Reading dropped from 85 to 83⅝. Sinclair reacted to 45¾ and General Motors, after moving up 4 points to 159½, dropped to 158.

The market closed heavy; government bonds unchanged; railway and other bonds heavy.

ARE WOLFINGER'S "THUGS" DETECTIVES

Union Men Believe That Two Men Following Organizer About Are From Private Detective Agency—Police Are Notified.

"Sah-hush, them are two detectives and they are trying to scare Wolfinger out of town, but he don't scare worth a cent."

At a labor rally last Sunday Organizer John Wolfinger, called here by the shipyard union, to try and settle the differences between the strikers and the shipyard owners, made the statement that two thugs were in town and that they had made an attempt to enter his room at the hotel where he is lodging.

Tuesday afternoon Mr. Wolfinger paid a visit to police headquarters and had an interview with Chief of Police J. Allan Wood. Just what the interview was about is not known.

From talk heard about town the first paragraph of this story is the substance boiled down to a few words. Union labor men in Kingston believe that the two thugs mentioned by Mr. Wolfinger are detectives from a private detective agency, and that they are "trying to frame something up" on the labor organizer.

Anyway it is understood that Mr. Wolfinger is going to have a body guard assigned to him, although it is said that he is able to take care of himself anyway.

Chief Wood when questioned today stated that the police force was kept to maintain order, and that was what would be done.

There has been absolutely no disturbance in Kingston since the men struck on the shipyards, and the men have behaved in a peaceable and law-abiding manner. Aside from maintaining a few pickets they have not interfered with the work on the shipyards.

S. REMY POSTOFFICE BUILDING BURNED

There was quite a lot of excitement in St. Remy on Monday night when the post office and grocery store of M. F. Deyo was burned to the ground. It was thought it took fire from the chimney. It was about 10 o'clock when the fire was discovered, shortly after Mr. Deyo had left the store and gone to his home. The post office effects were gotten out, the safe, etc., but little else was saved. The building and stock were insured.

CITY HAS 1,700 LABOR SURPLUS
